

Colombia publishes technical requirements for virtual gaming machines

Date published 27 December 2024

Document type	Regulation
Sectors	Gaming Machines, Racing, Sports Betting
Authority	Coljuegos
Effective date	27 December 2024
Classification	Actionable ?

On December 27, 2024, the Colombian gaming regulator, Coljuegos, passed [Resolution 20241200028984](#) to update technical requirements for localised virtual gaming machines.

[Resolution 20241200028984](#) contains an [Annex of Technical Requirements](#) which has the technical requirements for the fulfillment of the reliability and connectivity of the localised games called betting on racing and virtual sports (ACDV). These games are played through land-based terminals which contain the virtual sports and racing games.

[Resolution 20241200028984](#) became effective the date it was published, **December 27, 2024**.
